For further information, contact  
Cyyber Toa: 0800 292 378  
contact@cybertoa.com

# 1 SSL / TLS ISSUES

## Issue

SSL / TLS improvements possible  
1 domain's SSL/TLS certificate can be improved

- company.co.nz

## Issue Resolution

Contact a reputable SSL/TLS certificate authority to issue TLS 1.2 certificates and above.

For further information, contact  
Cyyber Toa: 0800 292 378  
contact@cybertoa.com

A good resource for creating verified SSL/TLS configurations is  
<https://ssl-config.mozilla.org/>.

Cyber Toa can provide a Web Application Firewall (WAF) service to protect your systems from CVEs, open ports and SSL/TLS certificate issues.
